Breaking news
Approximately 1 hour ago,
an explosion occurred in an
abandoned factory along the
naval district of Area A.

According to Gryphon
officials, the explosion was
caused by gas a leak from an
old pipe located within the
warehouse.

However, other experts
believe the explosion may be
linked to the recent string
of crystal thefts that have
plagued the area.

A gas leak accident...
Things just keep getting
weirder and weirder.

Gas leak my ass...
I'm not buying it.

They're saying the factory
explosion in Area B last week
was the dolls too.

And I heard Gryphon
is covering up even
more doll incidents.

I don't know who to
believe anymore. None of
it makes any sense.

That's scary if what they say
is true... If we're not careful,
we could wind up getting caught
in one of these doll incidents.

Hey, Kid. How much
longer are you going to
keep wasting time?

IT'S TIME TO
GET TO WORK.

RED DOLL

PART 08. Broken world_02 (망가진 세계)

MADE BY. 최은영

Sis... If you were hanging out in this rundown alley this whole time, you should've said what's up.

Let me activate the 'Cognition Disruption Projector', that way we can run all over city without people seeing us.

Here, Sis, I'll cloak you too that way we can hangout.

After all, it's fun watching the humans being tricked so easily.

It's like a front row seat at an idiot circus.

We're here because
the Master sent us.

So get your shirt together
or I'll just kill you and finish
the job myself.

Believe me, Kid, I have no
problem showing you a para-
dise of pain the likes of
which you've never seen.

SF00 SHUNAKU

And only when I've had my
fill will I let you experience the
heavenly taste of death...

Sis... As much as I'd love
to take you up on that...

*I think I'm cool with the
taste of Coke, for now.*

Besides, we've still got
that hunt to finish up.

That's right. So let's not
keep the Master waiting...

*Let's get started
before it gets too late.*

Wait, this doll...?
She's using a red crystal.

Weren't we just going
after one hunt this time?

I wanted to conduct a little
test of my own, so I made
one on the way here.

Uhhhhh... I... need...
some... thing to... feed...
my... child.

I need. Some...
thing... to... eat.

We'll just add her to the hunt
along with that mercenary dog.

LET'S GO.

Just look at them! They must've been so bored waiting there in the dark... They're drooling at the thought of this hunt.

Don't you worry, my friends.
Soon you'll get your fill.

*Now- Let's give these
stupid meat bags a night
they'll never forget.*

It's been a while since we've gone out, should we get some dinner before heading home?

I'm getting a weird vibe...
Let's just call it a day.

It's fine. There's no chance a doll would ever be here... Huh?

What's wrong? Babe.

What the hell are you talking about? Stay away from us!

Babe, something's wrong with her... Be careful.

You....

...look tasty...

*That's... a very tasty
crys... tal you have.*

B... BABE...

What? What's
happening?
